LECTURE

Alexander Tolksdorf

"Researching in German Civil and Parish Records"

The complexity of Germany's history and its effect on genealogical sources can be difficult obstacles to overcome. This presentation will focus on German civil and parish records, with emphasis on how/where to locate them and how to interpret the records. Additional attention will be given to the historical geopolitics of what is today Germany, handwriting styles, and territorial regions formerly included in the German Empire.

CLASS

GSWC Member, Nancy Howard
