“DNA-No Tree! No Response! Need More! ”

Suz Bates

You have your Ancestry DNA test results and it's a list of people. What now? Find out how to rev-up your family history research by concentrating on shared matches and using the Star, Dots and Notes tools to start organizing your results.

Our Speaker: Suz Bates has been researching her family history for over 45 years. Suz' presentation specialty is step by step instructions for various researching, archiving and technology skills for genealogists and family historians.

“Recipes and Reminiscing” 3:15 PM

Nancy Howard and Janet Tarolli

Some wonderful stories are shared while enjoying recipes that have been passed down through the family. This can be a great opportunity to bring ancestors to life, find out details you didn't know, encourage curiosity in younger generations and (of course) to taste delicious history.

Nancy Howard, President of GSWC will introduce you to the Menard Family Kuchen and Janet Tarolli, First Vice President of GSWC will share clips from a video of her family making apple

strudel from scratch in the Croatian manner.
